

A new type of sun block lotion to protect your skin from UV rays while caring for your skin

Day Skin Veil
[UV protect Base] **SPF26++**
30mL: AU\$46

Day Skin Veil Plus
[UV protect Base] **SPF33++**
30mL: AU\$48

Did you know that you usually wear makeup for longer than you spend sleep? Day Skin Veil is a completely new sun block lotion designed to cut skin damaging UV rays and use the time spent wearing makeup to also nourish your skin. Its colour correction properties make your skin look clearer by obscuring lines, blemish and skin pores. The usual stickiness of Sun blocks has been eliminated as well as the often unpleasant smell of typical sun block products and added a subtle lavender fragrance instead. Free from ultraviolet absorption for comfortable daily use.

Usage Morning

After your morning skin care procedure, apply a moderate amount evenly over your face with light patting action using your fingers or sponge. Face powder or foundation can be used after applying Day Skin Veil.

Natural silk powder: Holding in skin moisture while giving the skin a beautiful sheen

Skincare Silky Powder
